Languages: English, German - A2/B1 actively improving, Hindi, Gujarati

## Target Roles

Supply Chain Trainee

Junior Supply Chain Analyst

Procurement Analyst

Logistics Analyst

Operations Analyst

Business Intelligence Analyst

## Education

### MBA, General Technology Management

**Fachhochschule des Mittelstandes Bielefeld | Oct 2024 - May 2026**

Data Science focus with Big Data Analytics, Technology Management, International Project Management, and thesis work on explainable AI for inventory decision support.

### Bachelor of Computer Applications

**Bhakta Kavi Narsinh Mehta University | Sep 2021 - Jun 2024**

Foundation in programming, databases, statistics, computer applications, and business IT.

## Selected Projects

AI European Supply Chain Risk & Disruption Control Tower - supplier delay, logistics bottlenecks, inventory exposure, and mitigation actions.

Explainable AI Inventory Control Tower - stockout risk, safety stock, reorder point recommendations, and forecast interpretation.

European Procurement & Supplier Risk Intelligence - supplier performance, procurement analytics, cost exposure, and supplier risk evaluation.

Demand Forecasting & Inventory Optimization Dashboard - forecast accuracy, inventory turnover, fill rate, service level, stockout risk, safety stock, and reorder point logic.

## Experience

### Hub Operations Working Student

**Flink | Part-time | Berlin, Germany**

Supported inventory movement, fulfillment routines, order flow, and quick-commerce operations discipline.

### Business Analyst Intern

**VSG GLOBAL PTE. LTD | Internship | Singapore / Remote**

Analyzed requirements, demand patterns, cost, revenue, and profitability data for business reporting.

### Business Intelligence Analyst

**Fledge Consulting Pvt Ltd | Part-time | Nagpur, India**

Supported dashboards, reports, requirements gathering, and business-to-technical communication.

Master Thesis Researcher - Explainable AI & Inventory Decision Support
